

Nimbus Learning Pvt Ltd — Annual Report

FY2025-26 (fictional sample for training)

Chairperson's letter

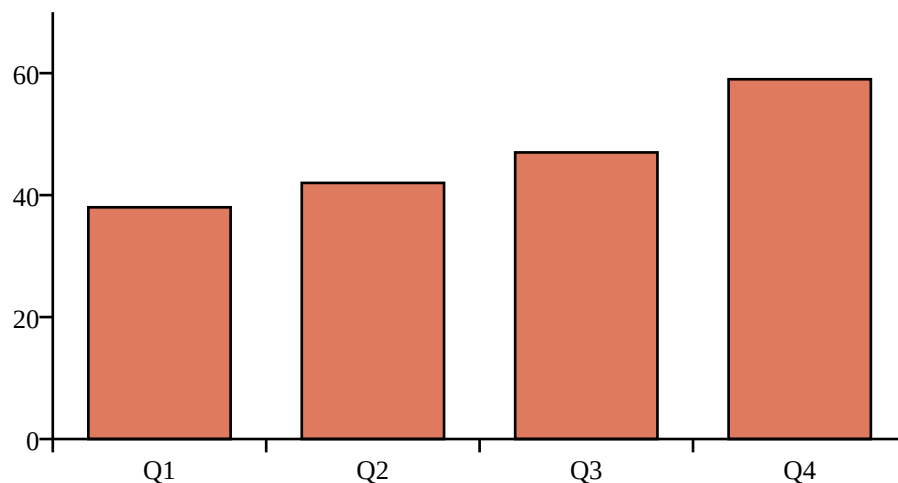

FY2025-26 was a year of steady growth for Nimbus Learning. Revenue grew 24% to INR 186 crore, driven by our corporate upskilling programmes and the launch of AI engineering courses. Operating margin improved from 11% to 14% as online delivery reduced classroom costs. We expanded to three new cities and trained 42,000 learners.

Key figures

Metric	FY2024-25	FY2025-26

Quarterly revenue (INR crore)

The chart below shows quarterly revenue. Note the strong fourth quarter, driven by year-end corporate contracts.

Risks

- Dependence on five large corporate clients (38% of revenue).
- Fast-changing AI tools may make course content outdated within months.
- Instructor attrition in high-demand skills.
- Data-privacy obligations under the Digital Personal Data Protection Act.

Subsidiaries

Nimbus Skills Academy LLP; Nimbus Assessments Pvt Ltd; Nimbus Learning FZE (Dubai).

Outlook

For FY2026-27 we target 20-25% revenue growth, with AI engineering certifications as the fastest-growing segment. Audience: shareholders, employees and partners.
